

Proper screen position is vital to ergonomic comfort. The Novus MY system of monitor mounts and tablet holders offers a creative solution. The MY one plus allows you to easily elevate and position devices to keep your workspace less cluttered, more functional, and more comfortable.

The NOVUS MY one plus includes a single column and an articulating arm with a monitor mount. Easily adjust for height up to

13.75", up to 16" of arm range, and monitor tilt/turn angle for a perfect ergonomic fit.

The MY column is constructed with strong anodized aluminum for stability. The MY one plus is available in silver or white. Six surface mount options accommodate a variety of work surfaces and configurations. Cable routing clips are provided and ensure an organized appearance.

Silver	White	Base Option	Range
910+2019+000	910+2011+000	System Clamp 1	16.34"
910+2059+000	910+2051+000	Grommet	16.34"
