DESIGNED IN CALIFORNIA

DEEP SEATING CHAIR

! CARE & MAINTENANCE

Please keep these instructions for your future reference.

- Be careful when assembling to avoid damaging the plating of the surface.
- Clean the chair with lukewarm water, mild detergent & soft cloth.
- Firmly secure all bolts before use. Do not use any part of this item as a step ladder.
- Make sure that all bolts, screws, and nuts are secure every 90 days.
- Do not use or store this item in the proximity of open flame or flammable/combustible chemicals.
- Be aware that some parts are heavy and have sharp edges.
- Do not overtighten screws (insert all screws before tightening screws).

CLEANING TIPS

REGULAR CLEAN: Use a mixture of warm water and mild soap. Gently scrub the surface with a soft bristle brush to remove any dirt or stains.

QUICK CLEAN: You can simply wipe down the HDPE furniture with a damp cloth. The material's resilience makes it resistant to most spills and stains, ensuring a hassle-free maintenance routine.

Regular cleaning not only preserves the aesthetic appeal of your furniture but also helps extend its lifespan.

Pressure washer can be used for seriously deep-cleaning - **DO NOT exceed 1500 PSI** - this will remove debris and dirt.
