

# Fast, Flexible Finishing in Hand

The new Scotch-Brite™ Durable Flex Hand Pad combines high performance features to give you the fast, consistent scuff your sanding jobs require.

- Tightly graded with more active mineral sites for fast, consistent action without compromising your final finish
- Flexible construction is conformable for more complete scratch in channels, grooves, tight spots and other hard-to-reach areas
- Durable, specially-coated to resist loading and prolong pad life

# The Scotch-Brite™ Durable Flex Hand Pad is engineered to give you **MORE** of everything...

## More Complete Scratch

TENACIOUS nylon fiber with more active mineral sites, tightly graded for consistent scratch.

## More Conformable

Increased scratch density, but still very flexible so it can get into hard-to-sand places.

## More Life

Tough non-woven nylon web specially coated to minimize loading, uniform scratch throughout life of the hand pad.

## More Versatility

Available in two grades, ideal for everyday uses like prepping surfaces for primer and on color coat, general scuffing, cleaning and hand blending.

## More Productivity

High performance pad takes less time to prep surface.

A Very Fine  
General scuffing.

S Ultra Fine  
Prep surface  
prior to color coat.

A Very Fine  
Prep surface  
prior to primer.

### Scotch-Brite™ Durable Flex Hand Pad
