W83052	6	24	039564015229	Carded
---------------	---	----	--------------	--------

- Easily remove seized, rusted, or corroded ball joints on Subaru vehicles
- Removes ball joints in a single pulling motion, reducing the chance of ball joint breakage
- Black oxide coating provides optimal corrosion resistance
- Carbon steel construction is cold forged and heat treated for greater strength and long life
- Use a 3/4 in. (19mm) socket and your impact while holding the body with an 1-5/8 in. (40mm) wrench
- Application: Forester, Impreza, Legacy, Outback, Tribeca, and Baja
