DRINK IN THE JOY

## MEET OUR OREGON PINOT GRIS

Have you ever encountered a moment so fantastically enjoyable, you wondered if it was real? An experience that felt architected just for you. Nowhere else to be, no one and nothing else calling your attention. You're grinning, bright eyed, and buzzing with new energy. It's the perfect blend of friendly comfort and delicious surprise.

That's how we think about our undeniably yummy Pinot Gris – enthusiastically, curiously, and delightfully refreshing. We made it extra juicy with 10% Sauvignon Blanc (the max amount of non-Pinot Gris allowed under Oregon's wine rules, FYI) because we believe it supercharges the wine's mouthwatering factor.
