WARNING

CHOKING HAZARD — This item contains small parts that can be swallowed. Keep children and pets away during assembly.

ASSEMBLY

Review all steps and understand assembly before beginning.

Do not fully tighten hardware until all components have been loosely assembled.

STEP 1

C: 2
D: 4
H: 12
G: 12

x2

IMPORTANT: Identify the rolled edges of the panels and ensure they are installed facing the inside of the garden bed.

Align two Short Corners (D) with one End Panel (C) and loosely secure using six Bolts (G) and Wing Nuts (H). Repeat this step.

STEP 2

B: 2
H: 6
G: 6

IMPORTANT: Do not secure the bottom mounting holes; these holes are required for installing Bracket (F) in Step 7.

Align two Short Side Panels (B) with one of the assembled end panels and loosely secure using four Bolts (G) and Wing Nuts (H). Set this unit aside.

STEP 3

A: 2
H: 6
G: 6

Align two Long Side Panels (A) the remaining assembled end panel and loosely secure using Bolts (G) and Wing Nuts (H).

STEP 4

E: 2
H: 6
G: 6

Align Long Corners (E) the with the long side panels and loosely secure using six Bolts (G) and Wing Nuts (H).

STEP 5

C: 2
D: 4
H: 12
G: 12

Loosely secure two End Panels (C) to the long corners using twelve Bolts (G) and Wing Nuts (H).

STEP 6

A: 2
H: 6
G: 6

Align the assembled unit from Step 2 with the long corners and secure using six Bolts (G) and Wing Nuts (H).

STEP 7

E: 2
H: 6
G: 6

Align Brackets (F) on the inside of the garden bed, as shown, and secure using four Bolts (G) and Wing Nuts (H). Fully tighten all hardware from all previous steps.

USE & CARE

- This garden bed provides ergonomic access to plants and can eliminate the need to till the soil each year as long as the soil is not packed down. Avoid stepping inside the bed!
- Prepare the site before installation. Level the ground and remove existing vegetation. Landscaping fabric can be used under the beds; a double layer is recommended for beds placed directly on a lawn.
- A layer of gravel or stone can be used at the bottom for improved drainage.
- Loosely hand-tighten all nuts and bolt sets first, position the bed, then tighten. After assembly, check that all fastening points are fully secured.
- Galvanized metal beds do not require maintenance and are built to withstand years of exposure to outdoor elements.
- The galvanized finish protects the steel from corrosion. Over time, galvanized steel will fade, and some discoloration is normal. Minor surface rust on edges and hardware is to be expected and should not affect the structural integrity of the product.

SAFETY STATEMENTS & WARNINGS

- Wear gloves during assembly to prevent personal injury.
- Do not stand on, or lean objects against the bed wall. Doing so may damage the product.
- Do not let children play in or around the garden bed.
- Using this item for applications other than gardening will void the product warranty.

Any modification to the product or failure to follow recommended care will void the product warranty.

If you experience issues with assembly or the product was damaged during transit, please contact our customer service team through one of the methods mentioned at the top of page 1. Please have the item number and order information ready to expedite response time.

WARNING:

Manufacturer and seller expressly disclaim any and all liability from personal injury, property damage or loss, whether direct or indirect, or incidental, resulting from the incorrect attachment, improper use, inadequate maintenance, or neglect of this product.
