

ring Spotlight Cam Wired

Video

1080p HD

Live View w/Color Night Vision

Field of View

140° Horizontal, 78° Vertical

Motion Detection

Customizable (Drawable) Motion Zones
Advanced Motion Detection

Audio

Two-Way Talk with Noise Cancellation

Power

Plug-In Adapter

Lights

Two LED Spotlights
Adjustable Brightness Control

Connectivity

2.4 GHz Wi-Fi

Operating Conditions

-22°F to 120°F, Weather Resistant

Dimensions

4.96 in x 2.72 in x 2.99 in

Features

Remote Activated 110dB Siren

Add-Ons

Wall and Ceiling Mounts

Improve your motion detection, viewing angles and positions for Spotlight Cam Wired. The Wall Mount adjusts the viewing angle by 35° while the Ceiling Mount allows for a 90° angle when installed under any ceiling, eave or overhang.

Voice Assistant

Enjoy hands-free home monitoring with select Alexa-enabled devices. Hear custom notifications and use two-way talk with audio-only Echo devices, and launch video with Echo Show, Fire TV and Fire Tablets.

Frequently Asked Questions

What is the difference between Stick Up Cam and Spotlight Cam?

The main differences are device features, placement and power options. Spotlight Cam is an outdoor-only camera with built-in LEDs and a security siren. As soon as motion is detected, Spotlight Cam starts streaming video and shines its lights to show you a clear picture in any setting. If you see something suspicious, you can also activate the siren in the app for added protection. Stick Up Cam doesn't have built-in lights and can go anywhere indoors or out.

All Stick Up Cams and Spotlight Cams are available in battery, plug-in, and solar power options. Stick Up Cam is also available with Power over Ethernet (Stick Up Cam Elite), whereas Spotlight Cam has an option for hardwired installation (Spotlight Cam Mount) to connect to outdoor electrical boxes.

How long is the Spotlight Cam Wired power cable?

The Spotlight Cam Wired comes with a 20-foot power cable and plugs into any standard outlet.

What is Ring Protect?

Ring Protect is a comprehensive optional subscription service that lets you review, share and save every video and photo captured by your Spotlight Cam, plus a few extra perks. To compare and learn more about Ring Protect visit <https://ring.com/protect-plans> to choose a plan that works for you.

Do I need Ring Protect to use Spotlight Cam?

No. You can still use your camera to watch over your home from anywhere, even without a subscription to Ring Protect. Without Ring Protect, you'll still receive real-time notifications when motion is detected, and you can answer the notifications to see, hear and speak to people in real time from your mobile device. However, without a subscription to Ring Protect, you won't be able to review any videos that you missed in real time, and you won't be able to save your videos or share them with anyone.
