The Super Shade extension can be ordered in five sizes to provide 6', 7', 8', 9' or 10' total screen height. To order, measure the height of your patio awning from the ground to the roller tube while fully extended. For example, if your patio awning measures 10' high from the ground to the roller tube, order the 10' Super Shade. Available widths: 10', 13', 15', 17' and 19'.

Note: Must order both Super Shade side panels and Super Shade of same drop length to make a complete Super Shade kit. Solera Super Shade is available for standard 8' extension patio awnings only; not compatible with Solera XL awnings.

Available in black plastic only.
