

CyberPower

MP1049SW SURGE PROTECTOR AND USB COMBO PACK

Protect home and office computers, electronics, and home theater equipment

The CyberPower GT400PUWH and P604URC1 Surge Protectors prevent spikes in energy caused by storms and electrical power surges from reaching your home office equipment such as laptops, small electronics, and chargers. The GT400PUWH provides 500 joules of protection and four (4) AC swivel outlets. The four USB ports (4.2 Amp) quickly charge USB-powered devices. The P604URC1 provides 500 joules of protection, six (6) AC outlets, two (2) USB ports (2.4 Amp) and a 4-ft. power cord with a right-angle plug.

TYPICAL APPLICATIONS

- Desktop Computers
- Routers & Modems
- Mobile Devices
- Personal Electronics

GP400U4AWH FEATURES

- Wall Hugging Low Profile Swivel
- 4 USB Ports (4.2 Amp)
