

# COLDWORK™ LEATHER M-PACT® DRIVER E5-360

## COLD WEATHER HAND PROTECTION

The ColdWork Leather M-Pact Driver glove is built to handle the day-in-day-out hazards found working with heavy equipment in frigid temperatures. Durahide™ Leather Technology wraps the entire hand creating the initial barrier of extreme abrasion resistance. An ANSI Level 2 rated TPR knuckle design protects the back of hand from impacts and abrasion, while an inner liner provides 360° of additional ANSI A5 level cut resistance. The final layer of protection is C40 3M™ Thinsulate™ Insulation that locks in warmth, allowing you continue to work in freezing temperatures.

### FEATURES

- 1 3M™ Thinsulate™ C40 insulation keeps hands warm and comfortable.
- 2 Anatomical TPR impact protection meets ANSI Level 2 impact standard.
- 3 360° cut liner allows for ANSI A5 blade-cut resistance.
- 4 WR Durahide™ performance leather construction protects your hands with extreme abrasion resistance.
- 5 Comfortable keystone thumb design gives you better control.
- 6 Gunn Cut glove design reduces seam usage in the palm for heavy material handling.
- 7 Comfortable stretch-elastic cuff creates a secure fit.
- 8 Nylon carrier loop for storage.

### INTENDED USES

- Construction
- Oil & Gas
- Mining
- Rigging
- Towing & Transportation
- Material Handling
