

Room Care[®] R9 Plus

Acidic Bathroom Cleaner

Room Care[®] R9 Plus is a non-corrosive (when diluted as directed) formula that deep cleans dirt and soap scum from bathroom and shower tiles, fixtures and most washable surfaces. Part of the globally available Diversey Room Care[®] system for guest room maintenance including chemicals, tools and methods. Designed to be used with the J-Fill[®] dilution system and color-coded to prevent application mistakes.

Features & Benefits

- Citric acid-based, Non-corrosive formula (when diluted as directed) is gentle for maximum safety of use
- Regular application prevents build-up of stubborn bathroom soils and scale
- Neutral scent and streak-free drying allows staff to clean surfaces with the same product used for showers, doors, porcelain, counter tops and sinks

Applications

- Suitable for nearly all washable restroom surfaces
- Simply spray onto cloth and wipe or spray the product directly onto the surface to be cleaned

Room Care® R9 Plus

Acidic Bathroom Cleaner

RoomCare® Introduction

Superior formulation adapted to deal effectively with all the cleaning requirements of housekeeping. Easy to recognize product names, color-coding throughout the system, a set of dedicated tools, accessories and machines make Room Care® the perfect choice. Room Care® is the solution of choice when combining performance, safety for the user and environmental responsibility.

R9 Plus Acidic Bathroom Cleaner is a versatile, citric acid-based cleaner, specifically developed to remove soap scum and hard water deposits from most restroom surfaces such as tiles, shower doors, bathroom fixtures and other washable surfaces

Use Instructions

- Fill small bottle using J-Fill® QuattroSelect® Dispensing System. The system will automatically dispense at the required dilution.
- Dilute with cold water
- Apply ready-to-use solution on a damp color-coded microfiber cloth or spray directly on surface to be cleaned and let dwell for several seconds
- Rub surface with color-coded microfiber cloth
- Rinse surface with clear, cold water
- Polish with a dry, soft color-coded microfiber cloth
- Do not use on wood or marble
- Test in an inconspicuous area since certain surfaces may be unsuitable for commercial strength cleaners
- Always stand on a non-slip surfaces when in shower or tub
