

# 13" X 20" HORIZONTAL MITER BAND SAW

Item Numbers 9683316

FEATURES	ADVANTAGES	BENEFITS
Heavy duty cast iron and steel construction	Minimal deflection & vibration	<ul style="list-style-type: none"> <li>• Quiet operation</li> <li>• Lower maintenance costs</li> <li>• Improved accuracy</li> </ul>
Moveable control panel	<ul style="list-style-type: none"> <li>• Operator control panel can be used from either the front or back of the band saw</li> <li>• All controls are marked for easy identification &amp; use</li> </ul>	<ul style="list-style-type: none"> <li>• Allows operator to position the controls to the side of the saw they are working at</li> <li>• Greater operator convenience &amp; safety</li> <li>• Increased through put &amp; productivity</li> <li>• Lower cost per cut</li> </ul>
Precision ball bearing & carbide blade guides with adjustable arm	<ul style="list-style-type: none"> <li>• Easily adjustable ball bearing &amp; carbide guides</li> <li>• Carbide pads positioned closest to the material being cut</li> <li>• Ensures maximum blade support</li> <li>• Ensures fast &amp; easy positioning</li> </ul>	<ul style="list-style-type: none"> <li>• Ensures proper blade alignment</li> <li>• Delivers consistent accuracy</li> <li>• Maximizes blade performance</li> <li>• Longer blade life</li> </ul>
Adjustable hydraulic down feed system with adjustable counter balance spring	<ul style="list-style-type: none"> <li>• Accurate fine feed control</li> <li>• Smooth consistent feed rate</li> </ul>	<ul style="list-style-type: none"> <li>• Extends blade life</li> <li>• Improves accuracy of cut</li> <li>• Lower cost per cut</li> </ul>
Variable speed drive	<ul style="list-style-type: none"> <li>• Easy to change speeds</li> <li>• Allows operator to fine-tune blade speed to material being cut</li> </ul>	<ul style="list-style-type: none"> <li>• Maximizes blade performance</li> <li>• Allows for faster cutting rates</li> <li>• Lowers cost per cut</li> </ul>
Flood coolant system with chip brush	<ul style="list-style-type: none"> <li>• Coolant through the blade guides</li> <li>• Fast, easy coolant flow adjustment</li> <li>• Reduces coolant splash</li> </ul>	<ul style="list-style-type: none"> <li>• Maximizes cooling and chip removal from the blade</li> <li>• Maximizes blade performance &amp; life</li> <li>• Greater operator convenience &amp; safety</li> <li>• Cleaner work area</li> </ul>
Quick acting vise	<ul style="list-style-type: none"> <li>• Fast clamping action with conventional tightening</li> <li>• Miter capabilities up to 45 degrees</li> </ul>	Increased productivity & efficiency
Mitering saw head	<ul style="list-style-type: none"> <li>• The workpiece remains fixed while the saw head miter for angle cutting</li> <li>• Miter 60° to the left and 45° to the right</li> <li>• Ideally suited for jobs with multiple angle cuts &amp; limited workshop space</li> </ul>	<ul style="list-style-type: none"> <li>• Delivers consistent accuracy</li> <li>• Allows for faster set-ups</li> <li>• Increased throughput &amp; productivity</li> <li>• Greater versatility &amp; efficiency</li> <li>• Lower cost per cut</li> </ul>
Longer saw blade	164.5" long blade delivers more cuts per blade	<ul style="list-style-type: none"> <li>• Longer blade life</li> <li>• Greater efficiency</li> <li>• Lower cost per cut</li> </ul>
Easy blade installation & Tensioning	<ul style="list-style-type: none"> <li>• Blade installs easily &amp; quickly from top of machine</li> <li>• Easy to tension</li> <li>• Equipped with blade tension indicator which insures proper blade tension</li> </ul>	<ul style="list-style-type: none"> <li>• Simple to use</li> <li>• Ease of maintenance</li> <li>• Improves operator safety</li> <li>• Maximizes blade performance</li> <li>• Results in longer blade life</li> </ul>

## 13" X 20" HORIZONTAL MITER BAND SAW

Item Numbers 9683316

FEATURES	ADVANTAGES	BENEFITS
Deluxe work stop	<ul style="list-style-type: none"><li>Easily adjustable to workpiece length</li><li>Accurately handles both small &amp; large workpieces</li></ul>	<ul style="list-style-type: none"><li>Allows for accurate repetition of cuts</li><li>Delivers consistent accuracy</li><li>Increases productivity</li><li>Lower cost per cut</li></ul>
Automatic shut off at the end of cut	Readies saw for set up of next cut	Greater operator convenience & safety
Speed & Pitch Saw Blade Selector	Provides easy selection of the saw blade, speed, feed and pitch tooth selection	<ul style="list-style-type: none"><li>Improves accuracy of cut</li><li>Increases efficiency &amp; performance</li><li>Longer blade life</li></ul>
