

SureFoot™

by HILLYARD

Improve Player Safety

When sweat and moisture creates slick spots on your court, don't take a chance by sending someone out with just a towel in their hands to take care of business. If they miss just a little bit, your athletes can get seriously injured if they slip and fall.

- SureFoot reduces the potential for slip fall accidents that can cause serious injury.
- Large 18" x 24" footprint assures quick and complete coverage.
- Highly absorbent, specially designed microfiber pads rapidly absorb sweat and moisture.

Custom graphics available. Show your team spirit or create revenue by selling advertising or sponsorship space!
