- Sanding block is made of high-impact ABS plastic to hold up to heavy use yet is comfortable enough in your hand for extended use
- High-density EVA foam backing pad is very durable and conforms to minor surface contours
- Dual spring-steel retaining clips and easy to use and hold sandpaper firmly in place
- Block uses 1/2-sheets of standard wet/dry sandpaper with a paper or PSA (pressure-sensitive adhesive) backing
- A popular sized sanding block for use in auto paint/body shops, wood or metal shops, drywalling, and craft projects
- Backing pad measurements: 4 x 8-1/4 in. (120 x 210 mm)
