I. Product Description

CRC Mechanix Orange Hand Cleaner is a powerful citrus-based hand cleaner formulated with natural d-Limonene for quick and effective removal of toughest soils. Fortified with high-quality fine-grade pumice and conditioning agents it provides serious scrubbing power and leaves hands clean and fresh. The pH balanced formula is gentle to hands and will not dry out skin.

II. Features & Benefits

- **Powerful natural citrus cleaning** – Fresh citrus-scent hands feel clean and fresh
- **Safe biodegradable formula, pH balanced, contains no harsh solvents** – Gentle on hands, will not dry out skin
- **Quickly and effectively removes toughest soils** – Dirt, oil, grease, tar, ink, paint
- **Fortified with fine-grade pumice** – For serious scrubbing power and deep cleaning
- **Cleans away everything that soap leaves behind**
- **Also recommended for cleaning grubby surfaces, equipment and work clothing**

III. Directions for Use

1. Apply a small amount of CRC Mechanix Orange Hand Cleaner to hands and rub gently.
2. Rinse hands with water and dry. If no water is available, wipe hands with a clean cloth or paper towel.

VI. *Special Precautions*

General:

Extremely flammable aerosol. Avoid breathing dust/fume/gas/mist/vapours/spray. Use only outdoors or in a well-ventilated area. Contaminated work clothing should not be allowed out of the workplace. Wear protective gloves/protective clothing/eye protection/face protection. In case of inadequate ventilation wear respiratory protection. Store in a well-ventilated place. Keep container tightly closed. Store locked up. Dispose of empty containers safely. All unused product should be disposed of in conformance with local and HSNO regulations, do not contaminate water supply.

First Aid:

Swallowed – Do NOT induce vomiting. If vomiting occurs, lean patient forward or place on left side (head-down position, if possible) to maintain open airway and prevent aspiration. Observe the patient carefully. Give water to rinse out mouth, then provide liquid slowly and as much as casualty can comfortably drink. Seek medical advice.

Skin – Wipe off excess with absorbent tissue or towel. Seek medical attention if swelling/redness/blistering or irritation occurs.

Eyes – Wash out immediately with fresh running water. Ensure complete irrigation of the eye by keeping eyelids apart and away from eye and moving the eyelids by occasionally lifting the upper and lower lids. Seek medical attention without delay; if pain persists or recurs seek medical attention.

Inhalation – Remove from contaminated area. Other measures are usually unnecessary.

Refer to Material Safety Data Sheet for more details.
