

QUESTION 258: Which of the following is NOT a valid method for creating a new object in Java?

QUESTION 258: Which of the following is NOT a valid method for creating a new object in Java?

- A. `new()`
- B. `new Classname()`
- C. `new Classname { }`
- D. `new Classname ( ) { }`

ANSWER: A

EXPLANATION: The `new()` method is not a valid method for creating a new object in Java. The correct methods are `new Classname()`, `new Classname { }`, and `new Classname ( ) { }`.
