

1. Identify the components of the assembly.
 2. Describe the function of each component.
 3. Explain how the components are connected.
 4. Discuss the advantages and disadvantages of this design.

QUESTION

The screenshot shows a 3D CAD software interface. The main window displays a 3D model of a mechanical assembly, which appears to be a gear or pulley system. The model is rendered in a light blue color. The interface includes a top toolbar with various icons for editing and viewing, a central 3D view area, and a bottom toolbar with a prominent blue 'Apply' button.
