Texo® is designed to help children gain a richer understanding of the architectural foundations of form and function through a scaleable toy. At its most basic level, Texo is about stacking, sorting and sequencing, and grows in its complexity as a child grows.

Texo® está diseñado para ayudarle al niño a adquirir un entendimiento más rico de los fundamentos arquitectónicos de la forma y la función por medio de un juguete escalable. En el nivel más básico, Texo invita a apilar, clasificar y secuenciar, y amplía su complejidad a medida que el niño crece.

Texo® est conçu pour aider les enfants à acquérir une meilleure compréhension des éléments de base architecturaux pour ce qui est des formes et des fonctions grâce à un jeu évolutif. Au niveau le plus élémentaire, Texo consiste essentiellement à emboîter, trier et classer ; le jeu devient plus complexe à mesure que l'enfant grandit.

Texo® wurde entwickelt, um Kindern anhand eines skalierbaren Spielzeugs zu helfen, die architektonischen Grundlagen von Form und Funktion besser verstehen zu lernen. Auf der einfachsten Ebene geht es bei Texo um Stapeln, Sortieren und Sequenzieren. Die Komplexität steigert sich mit dem Wachstum des Kindes.
