

POWER TONGUE JACKS

No more cranking!

Our 3,500-pound capacity Power Tongue Jacks make lifting and lowering a RV trailer so easy. With just the flip of the switch, the Power Tongue Jack lifts an RV with ease. Helical cut gears reduce noise and improve operating efficiencies, and four LED lights makes setting up camp simple day or night.

Features LED Lights!

Quick Facts

- 4 LED lights provide excellent illumination while reducing power consumption
- Increased tube diameter now gives our jack a 3,500-pound rating
- Helical cut gears reduce noise and improve operating efficiency
- Mounting hardware, pins and manual crank handle included
- Textured casing helps protect from chips and cracks
- Enhanced rocker switch improves durability
- 30 AMP, 18" Stroke
