

STRASBOURG BORDER FENCE HBM-659

Read this manual carefully before use and save it for future reference.

No.	PARTS	QTY.
A	 <p>Fence Panel</p>	2
B	 <p>Fence Post</p>	3

Inspect packaging to ensure all parts are accounted for before disposing of packing materials.

2-PERSON INSTALLATION RECOMMENDED

INSTALLATION

2-person installation is recommended to prevent scratching or damaging the finish.

- Insert the tapered end of Fence Post (B) through the post holes on the side of Fence Panel (A).
- Ensuring the post is straight, push the tapered end of the post into the ground a minimum of 3". Push the stake further into the ground for more stability.

General Use & Care

INSTALLATION: Install into firm soil. Do not attempt to install fencing into rocks, sand or loose soil as doing so could result in the fence leaning or tipping over.

INSPECT: Periodically check that posts are firmly in the ground. Push further into the soil as necessary.

CLEANING: Wet a soft cloth with clean water and wipe away dirt and debris.

SCRATCHES: The powder coating on the fencing is tough & durable but, even under normal use, some scratching is inevitable. Scratches can be repaired with a rust-resistant paint. **NOTE:** painting the fence will void the product warranty.

WINTER CARE & STORAGE: Store this item during winter, especially in locations with ice and snow. Move fencing to an indoor location that is dry. Covering with a breathable cover while in storage will help prevent dust build-up.

Troubleshooting

THE FENCE POST WON'T GO FAR ENOUGH INTO THE GROUND

- Check for obstacles beneath the soil such as rocks, tree roots, or pavement.
- The soil may be too dry. Soak the soil with water and try inserting the post(s) again.
- Create a post hole with a hammer and a dowel. Carefully hammer the dowel into the ground, remove the dowel and push the fence post into the hole.

THE SOIL AROUND THE FENCE POST IS TOO LOOSE

- Push the soil towards the post by firmly stepping on the soil and pushing towards the post.

Any modification to the product or failure to follow recommended care will void the product warranty.

WARNING:

Manufacturer and seller expressly disclaim any and all liability from personal injury, property damage or loss, whether direct or indirect, or incidental, resulting from the incorrect attachment, improper use, inadequate maintenance, or neglect of this product.
