

# Lavatory Legs

**Adjustable**

Legs are adjustable from the floor to the underside of the sink and can also be cut to desired length.

**High-Quality**

Designed with quality engineering and construction to be durable and reliable to meet Jones Stephens' highest quality standards.

**Attractive Design**

Contemporary and Traditional styles to match any bathroom decor.

**Jones Stephens lavatory sink legs provide support to wall-mounted console sinks and are manufactured for use with vitreous china, steel or cast iron lavatories.**
