To end press power button once.

AUTHENTICATION CODE

ADJUSTABLE VOLTAGE 3.3 - 4.8V

ADJUST BATTERY VOLTAGE:

Turn battery dial on the bottom.
Turn right to increase voltage.
Turn left to decrease voltage.

CLEANING INSTRUCTIONS

Clean parts after each use to keep your Slim Twist Pro in working condition. Keep away from water & extremely hot or cold temperatures. Always turn the battery off after each session & before cleaning.

To clean the battery connection, use a q-tip slightly dipped in rubbing alcohol. Avoid soaking with excess alcohol, & swab the area where the atomizer connects to the battery. Allow to dry completely before use.

To clean the coils, unscrew the atomizer from the battery. Soak a q-tip with rubbing alcohol & scrub the inside of the coil to remove oil & resin build-up. If stubborn residue remains, replace the coil with a fresh one. Use an alcohol wipe to clean the battery & mouthpiece to sanitize between uses.

WARRANTY

To activate your warranty register your product by entering the authentication code printed on your battery,
