2	<p>Attach the Wood Frame (from Step 1) and Stretcher (D) to the Legs (B). Insert two (2) Wood Dowels (E) into each end of the Stretcher, for a total of four dowels, and then connect to the Legs. Secure the assembly using eight (8) M8x60mm Bolts (H), M8 Lock Washers (I) and M8x16mm Flat Washers (J). Do NOT tighten completely</p>	
3	<p>Attach the Leg Assembly (B, C, D) to the Table Top. Use the two outermost holes on each side of each Leg. Four (4) M8x50mm Bolts (G), M8 Lock Washers and M8x16mm Flat Washers will be used on each Leg, a total of 8 bolt assemblies will be used for both Legs. Using the leftover hardware (2 pcs of G, I, J) from Step 1, secure the Wood Frame (C) to the Table Top. NOTE! There will be extra holes not being used.</p>	
4	<p>Tighten ALL 18 bolts using the provided Allen Key (F). NOTE! Do not overtighten bolts or you can risk damaging the Table.</p>
