

THE BICYCLE

BY JAMES H. HARRIS

The bicycle is a machine that has revolutionized the world. It is a machine that has made it possible for millions of people to travel long distances in a short time. It is a machine that has made it possible for people to enjoy the outdoors and to get exercise. It is a machine that has made it possible for people to get to work and school on time. It is a machine that has made it possible for people to have fun. It is a machine that has made it possible for people to live better lives.

The bicycle is a machine that has revolutionized the world. It is a machine that has made it possible for millions of people to travel long distances in a short time. It is a machine that has made it possible for people to enjoy the outdoors and to get exercise. It is a machine that has made it possible for people to get to work and school on time. It is a machine that has made it possible for people to have fun. It is a machine that has made it possible for people to live better lives.
