

Avert™/MC

Sporicidal Disinfectant Cleaner

Wipes and Spray

A ready-to-use, disinfectant cleaner that also kills *Clostridium difficile* (*C.diff*) spores on hard, nonporous surfaces such as those found in hospitals and other healthcare facilities.

Benefits

- Cleans, disinfects and deodorizes in one labor-saving step
- Bleach-based formula means no quat-binding concerns

Features

- Effective in 4 minutes against *Clostridium difficile* (*C. diff*) spores
- 1-minute contact time effective against a broad spectrum of pathogens including bacteria, antibiotic resistant bacteria, viruses and fungi
- Meets minimum active ingredient requirements for CDC, SHEA, APIC and AORN

Applications

- Hard surface cleaning and disinfection
- Designed for disinfecting medical hard, nonporous inanimate surfaces including: glass, glazed porcelain and stainless steel. Not recommended for use on: aluminum, brass, chipped enamel, clear plastic, copper, finished floors, natural marble, painted surfaces and silver.

Note: This product is compatible with the listed materials. If product is intended to be used on other surfaces, it is recommended to test product by applying to a small, discrete area to determine compatibility before proceeding with its use or contact a Diversey Care representative.
