

# 9" UTILITY SHEARS

**ESTWING®**

## X-WIDE STAINLESS STEEL BLADES

Beveled edge blades provide durable life and strength, Serration helps holding the object in place during a cut, Wide blade body provides additional stability

## SCALED BLADE MARKING

Quick measuring cut without using a ruler or tape

## DEEP UNDERCUT

More control and purchase on handle with each cut

## ADJUSTABLE RIVET

Dial in the correct tension for longer and easier cuts

## ERGO GRIP

Ambidextrous handle contours to a natural position grip
