

19005AR

4" IC AT Line Voltage Remodel Housing

Product Description

Suitable for remodel or new construction in residential and commercial applications. IC rated, suitable for direct contact with insulation

Housing

- Aluminum construction provides greater heat dissipation.
- Washington State Energy Code approved to meet restricted airflow requirements.
- Airtight housing limits the exchange of air between ceiling and plenum and heated/cooled areas.
- Integral thermal protector guards against improper lamping and misuse of insulation.
- Adjustable socket bracket assures proper and consistent lamp positioning.

Junction Box

- Listed for through branch circuit wiring and includes several 3/4" knockouts.
- Quick connect wiring for easy installation
