

Diversey™

suma®

# T20 Low Temperature Sanitizer

High performance chlorinated sanitizer specially formulated for use in low energy dishwashing machines or in other chemical sanitizing applications.

## Features & Benefits

- Sanitary results - provides clean, sanitary results in seconds
- Low cost performance - specially designed to achieve optimum results using economical low temperature water

## Applications

- Formulated especially for low energy dishwashing machines

# Suma<sup>®</sup> T20 Low Temperature Sanitizer

## Use instructions

### Use Dilution Table

Available Chlorine	Dilution
25 ppm	0.5 ounces per 8 gallons
100 ppm	2.5 ounces per 10 gallons
200 ppm	5 ounces per 10 gallons
1000 ppm	25 ounces per 10 gallons

- T20 Low Temperature Sanitizer is automatically dispensed through Diversey low energy dishwashing machines.
- Operating conditions will affect use concentrations.
- Please contact your Diversey representative for correct set up.
- Local Public Health requirements will determine use concentration.
- For sanitizing hard, nonporous surfaces, rinse with up to a 4 mL/L (200 ppm available chlorine) solution of Low Energy Sanitizer.
- Allow solution to drain thoroughly.
- No potable water rinse is required.
- At higher concentrations, a contact time of 3 minutes is required followed by a potable water rinse.
- For Food Plant Use: Avoid contamination of food during use or storage.

Suma <sup>®</sup> T20 Low Temperature Sanitizer	1 x 5 gallon / 18.9 L Pail	1:512	100844081	🇨🇦

## Safe handling

Please make sure your employees read and understand the product label and Safety Data Sheet before using this product. The label contains directions for use; and both the label and SDS contain hazard warnings, precautionary statements and first aid procedures. SDS are available online at [www.diversey.com](http://www.diversey.com) or by calling 888.352.2249. Improper use or dilution may result in damage to surfaces and may result in health and physical hazards that match those of the concentrate. Please refer to the Diversey HazMat Library, only available through Internet Explorer, <http://naextranet.diversey.com/dot/>, for up-to-date shipping information.
