- Suitable for use in retail, foodservice, hospitality, government institutions, schools, building services, healthcare environments and more

Final Step® All-In-One No-Rinse Food Contact Multi-Surface Wipes

Use instructions

TO CLEAN AND DEODORIZE:

Wipe surface with wipe. Let air dry. Discard used wipe in trash. Do not flush in toilet.

TO CLEAN AND DISINFECT:

Wipe surface with wipe until surface is visibly wet. Allow surface to remain visibly wet for 5 minutes. No rinsing or wiping is required even on food contact surfaces. If surfaces are visibly dirty, clean first with another wipe before disinfecting.

Discard used wipe in trash. Do not flush. For SARS-CoV-2, treated surfaces must remain visibly wet for 1 minute.

***KILLS HIV ON PRE-CLEANED ENVIRONMENTAL SURFACES/ OBJECTS PREVIOUSLY SOILED WITH BLOOD / BODY FLUIDS** in health care settings or other settings in which there is an expected likelihood of soiling of inanimate surfaces / objects with blood or body fluids, and in which the surfaces / objects likely to be soiled with blood or body fluids can be associated with the potential for transmission of Human Immunodeficiency Virus Type 1 (HIV-1) (associated with AIDS)*.

Safe handling

Please make sure your employees read and understand the product label and Safety Data Sheet before using this product. The label contains directions for use; and both the label and SDS contain hazard warnings, precautionary statements and first aid procedures. SDS are available online at www.diversey.com or by calling 888.352.2249. Improper use or dilution may result in damage to surfaces and may result in health and physical hazards that match those of the concentrate.
