

# TASKI® procarpet 45

## TASKI® procarpet 45 18 in. (45 cm) Carpet Cleaning System

TASKI has developed this machine using expertise in vacuum pick-up and chemical application to design a high performance carpet cleaner with excellent results.

### Features & Benefits

- The flip of a switch and change of chemicals can change the machine from a deep extractor for heavy soils to an interim cleaner for restorative cleaning applications, allowing users to select the cleaning application that best fits their needs based on turn-around times and soil levels
- The large variety of accessories allows this machine to cover an added range of cleaning tasks increasing the machine's versatility and your productivity
- Its ease and simplicity of use, flexible application and reliability yield a high performing machine that lowers the total cost of ownership
- Allows users to select the cleaning application that best fits their needs based on turn-around time and soil levels
- The utilization of interim cleaning applications helps to extend the time between deep cleaning activities, keeping carpets looking better longer
- The built in ergonomic considerations provide the perfect balance point allowing fatigue free working for longer working hours

### Applications

- Ideal for use in hotels and casinos where carpets will benefit from interim cleaning and periodic deep extraction
- Can be used in conference rooms and department stores to extend the life and look of carpets

# TASKI<sup>®</sup> procarpet 45

## 18 in. (45 cm) Carpet Cleaning System

### Description of Features

- **Carpet Wand and Hose:** Can be used for hard to reach areas and quickly connects to the TASKI procarpet 45.
- **Flexible Handle:** Allow users to switch from pull to push using TASKI ergonomic handle. The user can also engage the floating handle option based on their comfort level.
- **Hand Tool:** Can be in combination with the wand and hose to convert the attachment for upholstery cleaning or can be used in combination with the recovery hose.
- **Easy Brush Access:** The brush can easily be removed from the side for cleaning and replacement.
- **Parking Lever:** The parking lever lifts the brush off the floor when storing the machine to prevent damage to the brush. This also allows users to leave the brush attached while the machine is stored.

Technical data			
Theoretical (Extraction)	5,328 ft <sup>2</sup> /hr. (495 m <sup>2</sup> /hr.)	Rated voltage	120 V/60 Hz
Theoretical (Encapsulation)	5,328 ft <sup>2</sup> /hr. (495 m <sup>2</sup> /hr.)	Dimensions (L x W x H)	32 x 22 x 34 in. (82 x 56 x 86 cm)
Productivity (Extraction)	3,444 ft <sup>2</sup> /hr. (320 m <sup>2</sup> /hr.)	Machine Weight (empty)	115 lb. (55 kg)
Productivity (Encapsulation)	5,167 ft <sup>2</sup> /hr. (480 m <sup>2</sup> /hr.)	Sound Level	< 70 dB(A)
Working Width	17.7 in. (45 cm)	Brush Motor	650 W
Solution Tank	12 gal. (45 L)	Vacuum Motor	1000 W
Recovery Tank	12 gal. (45 L)	Brush Speed	1000 rpm
Cord Length	49 ft. (15 m)	Brush Pressure	22 – 37 lb. (10-17 kg)
