STEP STOOL | TYPE IA 300 LBS RATED | OSHA + ANSI COMPLIANT

**Little
Giant**
Ladder Systems

PRODUCT DESCRIPTION

The Ultra™ from Little Giant Ladder Systems® is a sturdy, easy-to-use step stool that is built to last. This lightweight ladder was engineered with a slim storage profile, while still supporting an impressive weight capacity. It's a "Get Stuff Done" ladder built for pros.

2 & 3-STEP STEP STOOLS

FAMILY OF PROFESSIONAL XL STANDING PLATFORMS NON-CONDUCTIVE FIBERGLASS

1. VERSATILE TOP CAP

The Ultra's innovative top cap features accessory slots for existing and future Little Giant accessories (like the Loot Box™ or Strap Holder™), a magnetic tray, a gallon and quart friction-lock system, port holes, and slots.

2. XL STANDING PLATFORM

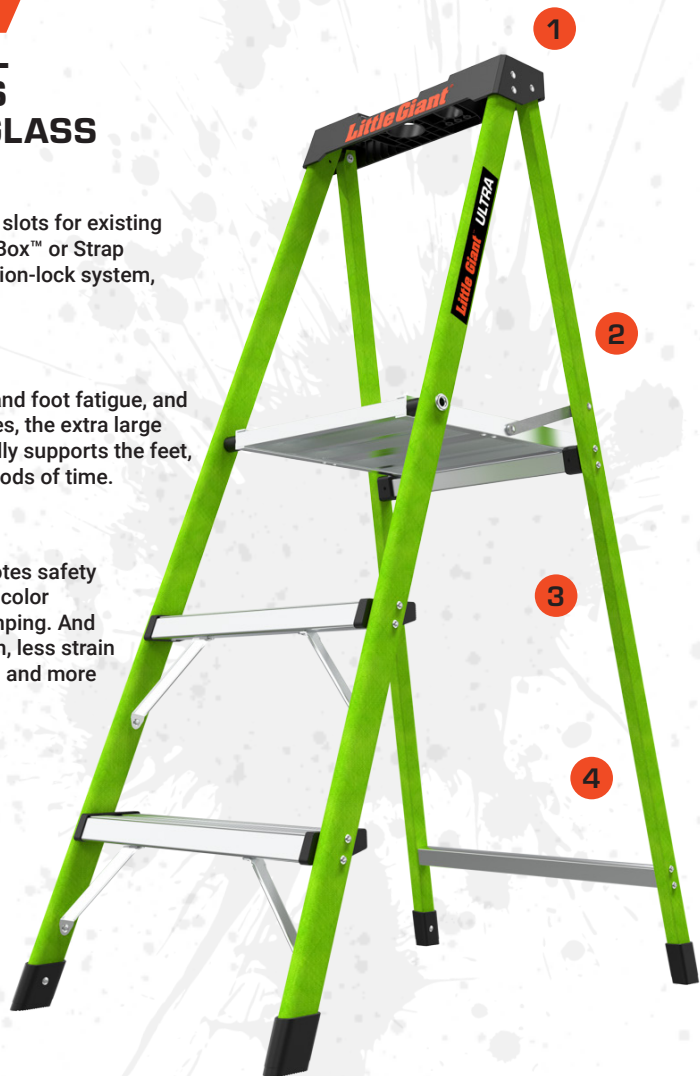

Extra-wide 3" steps with treads prevent slipping and foot fatigue, and lead to a large standing step. At 169 square inches, the extra large standing step creates a sturdy workspace that fully supports the feet, allowing you to work in comfort for extended periods of time.

3. HIGH-VIZ GREEN

Little Giant's iconic Hi-Viz Green fiberglass promotes safety for both the climber and passersby, as its vibrant color decreases the likelihood of accidental ladder bumping. And with the Ultra's improved fully enclosed rail design, less strain is put on the fiberglass, making it a longer-lasting and more durable ladder.

4. NON-CONDUCTIVE FIBERGLASS

The Ultra is made with strong, lightweight and non-conductive fiberglass.

 NON-CONDUCTIVE FIBERGLASS
