

WARNING:
CHOKING HAZARD - Small parts.
Not for Children under 3 years.

Sensory Pom Pom Pictures

TRANSPORTATION

Practice color & size recognition with soft, sensory pom poms.
This “repeat play” activity builds creative confidence
and fine motor skills.

SET UP

Insert the yarn through the small hanging holes and tie to secure.

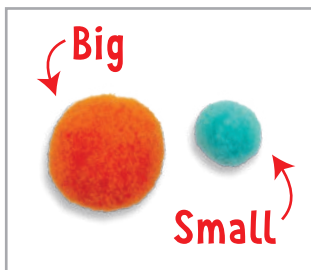

Peel & stick wiggly eyes onto felt.

ADD POM POMS

Place the foam board on table, picture side up.

Match pom pom sizes and colors with the holes on the picture.

Gently push pom poms into the holes.

PLAY & DISPLAY

Try changing the pom pom colors as desired. Once you like your picture, its time to hang and display.

Note to parents: Younger children will need help tying and hanging.

STORAGE BAG

When finished playing, store the foam boards and extra materials inside the handy storage bag. Great for travel and quiet-time play.

Pro Tip: The foam will hold the pom poms in place. If any fall out, just push them back in.
