

Regal Shelving Specification

Material: Regal Shelving, as well as all Tennsco Products, are fabricated of high quality, commercial quality steel, free of scale or rust, and fully pickled. Exposed edges, corners, and surface areas are free of sharp edges and all workmanship is of the highest quality as measured by the industry.

Finish: All steel components shall be thoroughly cleaned and phosphatized for rust resistance in a five-stage pre-treatment process. A high grade of polyester/epoxy powder paint is to be applied electrostatically with a gloss reading of between 55 and 65. The finish shall have a salt spray rating of 250 hours or more.

Upright: Uprights are open style 18 gauge formed post with 18 gauge spacers.

Shelf Support: The shelf supports are made of 14 gauge steel, formed from coil that is 1 1/8" high with a formed channel that has four shoulder rivets per support.

Printed Vinyl Clad 5/8" Particle Board: Particle Board is printed on one side with vinyl wood pattern. **Warning:** Particle Board can expose you to chemicals including Formaldehyde known to the State of California to cause cancer. For more information go to www.P65Warnings.ca.gov
