IRIS TABLE LAMP 2.0

Assembly Instructions

IRIS TABLE LAMP 2.0

Note:

- Requires no tool or wiring

Required Components:

- Lamp Body (A)
- Glass Shade (B)
- Wooden Base (C)
- Bulb (D)

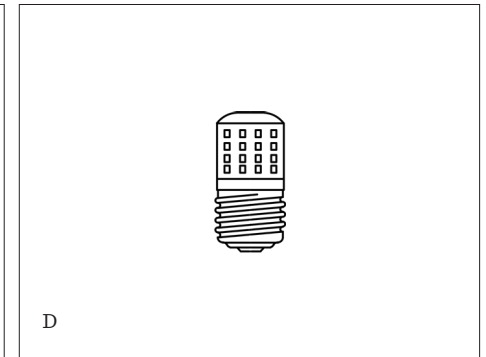

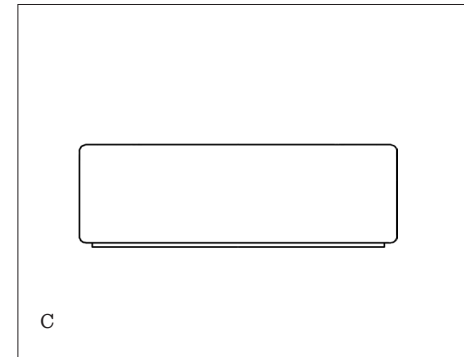

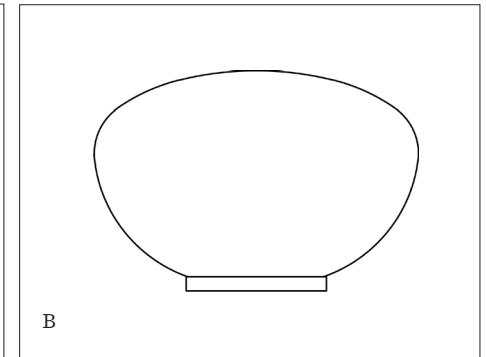

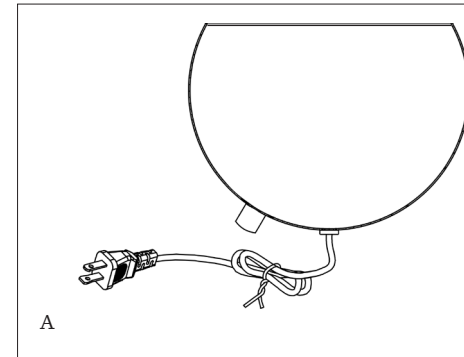

Care Instructions:

Wipe with soft dry cloth. Do not use cleaners that contains strong acid or strong alkaline.

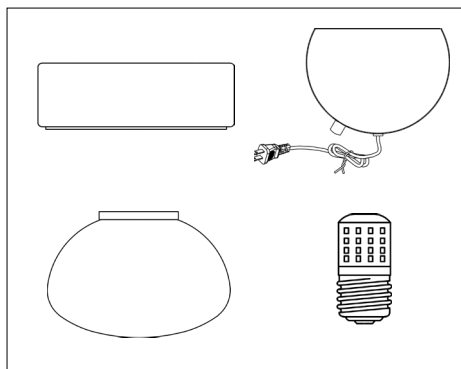

Warning:

This product is not a toy and has no play value. Do not expose to rain or snow. The Iris Lamp is rated for indoor, dry locations.

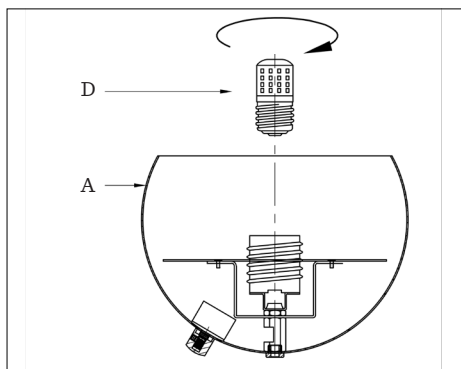

INCLUDED HARDWARE

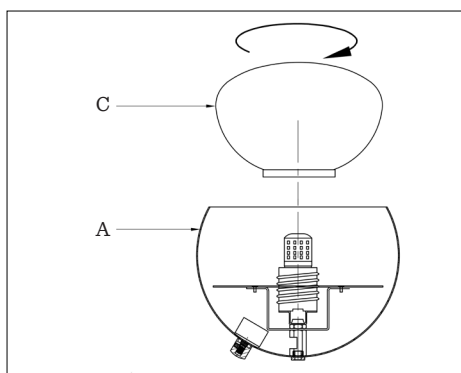

INSTALLATION INSTRUCTIONS

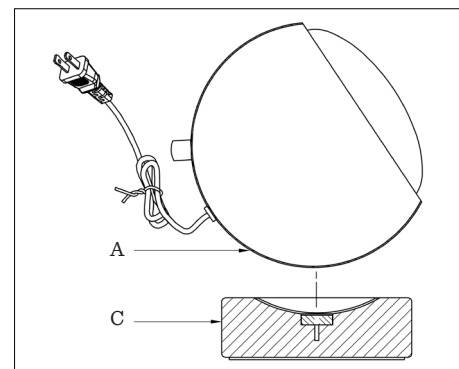

1. Remove items from carton.

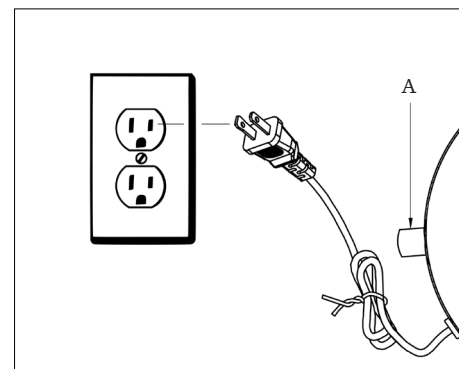

2. Lightly twist bulb (D) into socket located within the lamp body (A). Do not overtighten the bulb.

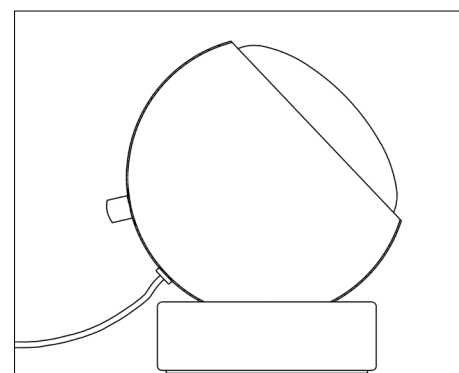

3. Twist glass shade (C) onto the socket located within the lamp body (A). Be sure not to overtighten the shade onto the lamp body.

4. Place lamp body (A) onto wooden base (C). A magnet will keep the Lamp Body (A) in place.

5. Insert plug into appropriate outlet, and turn on with the dimmer switch located on the lamp body (A).

6. Assembly is complete.
