

SOLID STEP®

PREMIUM RV ENTRY STEPS

STEP INTO YOUR NEXT ADVENTURE WITH CONFIDENCE

Go in and out of your RV with the added stability and safety of Solid Step by Lippert. Featuring an extra-wide top step and sturdy, steel steps with aluminum treads for enhanced traction — this step helps campers of all ages and abilities get in and out of your RV with peace of mind. The Solid Step's innovative design allows the step to operate through a wide range of ride heights without the need to adjust leg extensions. Plus, you can store it right into your entry doorway. No dismantling or reassembly required.

**Whenever, wherever, we
make your experience better.**

STEP INTO YOUR NEXT ADVENTURE WITH CONFIDENCE

Added stability

Built with an extra-wide top step, aluminum step treads, and adjustable legs that can adapt to uneven surfaces

Easy storage

When you're ready to hit the road, all you have to do is fold your Solid Step up right into your RV's entry doorway

Optimal safety

Recessed feet at the bottom of the step help prevent tripping hazards. No more wobbly, unstable stairs

Reliability

Backed by a name RV owners and outdoor enthusiasts know and trust

Whether your camper is parked on pavement or on uneven terrain out in the woods, the Solid Step's leg extensions adjust individually so your steps can adapt to any surface

Additional Features
