

TRUCK GUARD™ PRO

Professional Spray-On Bed Liner

Truck Guard™ Pro is a high-quality, professional spray-on coating for truck beds and other surfaces that require a tough, durable finish. Designed for application with a standard undercoating spraygun, Truck Guard Pro represents a significant new money-making opportunity for every bodyshop. When compared to the other products of its kind... *Truck Guard Pro is simply the best!*

Benefits:

- Increased customer satisfaction
- No expensive equipment
- 3-hour pot life
- Reduced health risk
- Increased productivity
- Easy mix and use
- Easy to clean-up

Features:

- No primer required
- Product pre-measured in Schutz cans
- 100% Isocyanate-Free
- Attractive, durable finish
- Not temperature or humidity sensitive
- Very little overspray

No Expensive Equipment to Buy!

Other truck bed liner systems make you invest thousands of dollars in equipment. You spray Truck Guard Pro using a low-cost Schutzor undercoating gun. Just add a DA sander, solvent resistant gloves, a paint respirator and protective eyewear to complete your equipment needs.

Finish Made to Last & Look Good!

Truck Guard Pro stands up to abuse, water, gasoline, oil and other chemicals. The finish is designed to last. While we made it tough, we also made it good looking. It has a deep, rich black, semi-gloss finish truck owners admire. Because we have UV protectors in the formula, Truck Guard Pro keeps its good looks year after year.

Spray Truck Guard Pro And Earn The Big Bucks!

Spray Truck Guard Pro, and earn up to \$250 or more in profits on every truck. Most shops can spray 2 to 4 trucks each week without adding technicians. That's because it takes less than four hours to complete a truck. Your staff's productivity just skyrockets.
