

Here are some more fun ideas to try:

**Squiggles:** Close your eyes and draw a squiggle on your page. Open up your eyes, and decide, “What does my squiggle look like?” Use your art materials to finish filling in your drawing.

**Dot to Dot:** Using a marker, make random dots across your paper. Try connecting the dots to form a picture. When you are finished, color it in and add details.

## Drawing Pad

Use the multi-purpose drawing pad with all the art supplies included in your set.

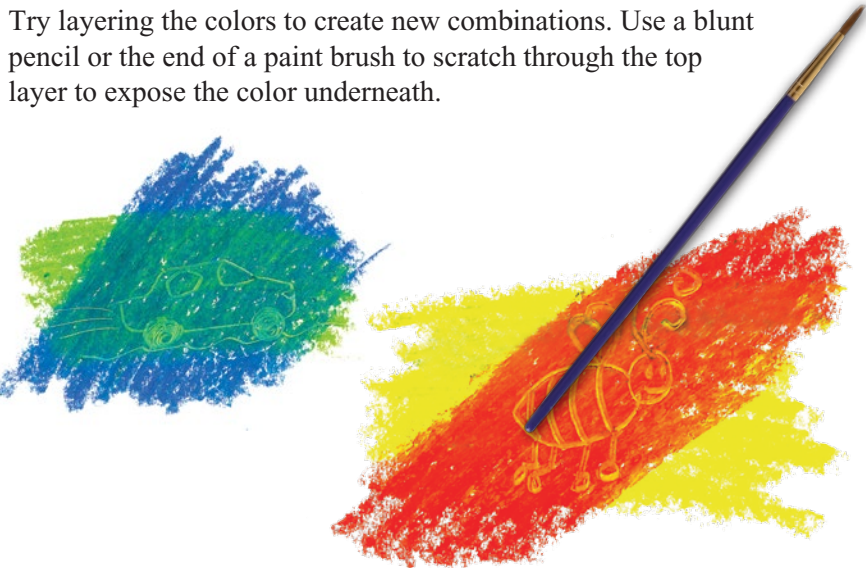

## Beeswax Crayons

Unlike traditional wax crayons, beeswax crayons have more pigment and less wax, meaning more vibrant colors and better coverage.

The triangle shape, makes these crayons easy for small hands to hold and they won't roll off the table.

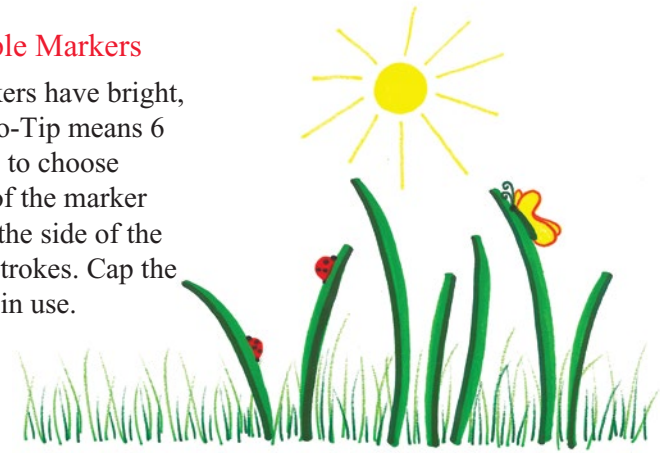

Try layering the colors to create new combinations. Use a blunt pencil or the end of a paint brush to scratch through the top layer to expose the color underneath.

## Duo-Tip Washable Markers

These jumbo markers have bright, vibrant colors. Duo-Tip means 6 markers, 12 colors to choose from. Use the tip of the marker for thin lines, and the side of the marker for wider strokes. Cap the markers when not in use.

## Jumbo Colored EcoPencils

Like the crayons, the triangular shape makes these easy for little hands to hold. The jumbo sharpener has a wide opening to keep your pencils sharp.

Colored EcoPencils are great for drawing, sketching and shading.

## Black and White Sticker Sheet

You can color in your stickers with your crayons, markers or colored pencils. Place the stickers on your drawing pad and create a story or a picture to go with them.
