

CRC Industries NZ, Auckland NZ

I. Product Description

PF Precision Cleaner's unique blend offers strong cleaning action, fast evaporation and no residue. It has no flash point and is safe to use on plastics.

PF Precision Cleaner is effective in removing light oils, greases and similar soils from contacts, printed circuit boards and other electronic and electrical equipment.

II. Features & Benefits

- No Flash Point
- Plastic Safe
- Fast Evaporation

III. Application and Directions

1. For personal safety, do not apply while equipment is energized
2. For optimum results, prepare heavily soiled surfaces by buffing with a mild abrasive
3. Spray on surface to be cleaned
4. Use an intermittent spray pattern to dislodge trapped debris
5. If necessary, repeat step 2 until surfaces meets desired cleanliness

IV. Typical Properties and Characteristics

Appearance	Colourless Liquid
Flash Point (C)	None
Specific Gravity	1.51
Evaporation Rate	Very Fast
KB Value	8.5
Dielectric Strength	31,500 Volts
Base Type	HFC

V. Package Description

Part Number	Size
2143	400ML Aerosol

VI. Special Precautions

Read label before use.

General:

WARNING: Contains gas under pressure. May explode if heated. Protect from sunlight. Do not expose to temperatures exceeding 50°C
