START HERE!

1 Color in your Shrink Fun Shapes

Make sure to color on the **rough side** of the shrinky dink shapes.

Tip:
Color lightly & leave some areas open to allow your finished Shrink creatures to glow brighter!

How to shrink!

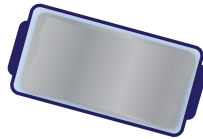

Warning- Safety first. ADULT SUPERVISION is required when baking Shrink Fun

Follow the directions below carefully.

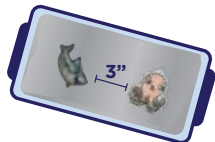

While baking the pieces will curl, flip, shrink and flatten. If you remove them too soon, your Shrink Fun won't shrink!

- 2** Preheat the oven to 350° (175°C).
Do not use the microwave.

- 3** Cover your baking tray with non-stick aluminum foil.
For best results do not use an air insulated cookie sheet.

- 4** Place your Shrink Fun Shapes on the tray with the **colored side facing up**. Be sure they are at least **3 inches from each other**.

- 5** Bake for 1 to 3 minutes.
Watch closely, baking times may vary depending on your oven. The plastic will begin to curl, move about and then flatten out.

Bake until the shapes have flattened.

- 6** If your piece sticks to itself during the shrinking process, have an adult remove the piece from the oven and quickly pull the stuck portion of the piece apart.
Put the piece back into the oven and allow it to continue shrinking

- 7** Keep the tray in the oven for **about 20 more seconds**, then ask an adult to remove them and place baking tray on a heat proof surface.

- 8** Allow the Shrink Fun Shapes to cool on the tray for 10 minutes.
When they are cool enough to touch, use a spatula to lift them off.

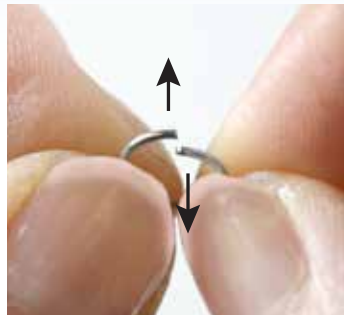

Assemble your creatures

Tip: Use your own small pliers help with these steps. Ask an adult to assist with jump rings.

How to put together the Turtle, Jellyfish & Crab!

Adding Jump rings

A Twist open a jump ring do not pull outward

B Slide jump ring through hole.

C Add second piece to jump ring

D Twist Jump ring closed so both pieces are connected.
