TASKI® AERO BP / AERO BP Lithium

The TASKI AERO BP back pack vacuums deliver best in class performance, lightness and user comfort.

Features & Benefits

- Low weight and sound with a slim profile combine for a product with great suction and versatility
- Available in electric and battery powered models for increased agility, autonomy and freedom of movement when needed
- The slim profile and webbing made from hi-tech, modern ruck sack materials deliver near perfect weight distribution and exceptional user comfort
- Both models can easily and quickly be converted into either an ultra-compact tub vacuum or a leaf, sand and debris blower for maximum versatility
- Low overall weight is critical to a backpack vacuum; at just 10 lbs. (4.7 kg) electric and 11.5 lbs. (5.3 kg) battery, the Aero BP is among the lightest backpack vacuums available
- The Aero BP delivers a superb 6 gallons/second (battery) and 8 gallons/second (electric) of suction, yielding brilliant cleaning performance

Applications

- The Aero BP is perfect for stairs, elevators, entrances and other areas where the public presence makes safety a priority
- Available in two models, the Aero BP is versatile enough to be used both indoors and outdoors
