

# The Number System

## Contents

<b>Lesson 1</b>	<b>Fraction Division</b> .....	22
	<b>Objective:</b> Divide fractions by fractions.	
	<b>Manipulative:</b> Fraction Tower® Equivalency Cubes	
<b>Lesson 2</b>	<b>Introduction to Integers</b> .....	26
	<b>Objective:</b> Represent, compare, and order integers.	
	<b>Manipulative:</b> Color Tiles	
<b>Lesson 3</b>	<b>4-Quadrant Graphing</b> .....	30
	<b>Objective:</b> Graph points in the coordinate plane.	
	<b>Manipulative:</b> XY Coordinate Pegboards	
<b>Lesson 4</b>	<b>Compare and Order Fractions and Decimals</b> .....	34
	<b>Objective:</b> Compare and order fractions and decimals.	
	<b>Manipulative:</b> Fraction Tower® Equivalency Cubes	
<b>Lesson 5</b>	<b>Estimating Fractional Numbers</b> .....	38
	<b>Objective:</b> Estimate fractional numbers.	
	<b>Manipulative:</b> Fraction Tower® Equivalency Cubes	
<b>Lesson 6</b>	<b>Comparing Rational Numbers</b> .....	42
	<b>Objective:</b> Compare rational numbers using a number line.	
	<b>Manipulative:</b> Fraction Tower® Equivalency Cubes	
<b>Lesson 7</b>	<b>Absolute Value</b> .....	46
	<b>Objective:</b> Distinguish absolute value from order.	
	<b>Manipulative:</b> Cuisenaire® Rods
