

**Acifoam**<sup>TM/MC</sup>

**VF10**

## Acidic foam cleaner-descaler

### Description

Acifoam cleaner is designed for daily and periodic application in the food, beverage and dairy industries.

### Effective

- Effective scale remover
- Foam application extends contact time with vertical surfaces

### Versatile

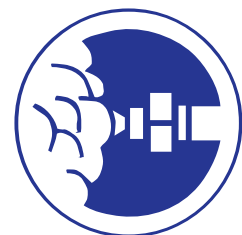

- Suitable for use on aluminum

### Easy-to-Use

- Free-rinsing

### Discussion

Acifoam cleaner is based on inorganic acid and a blend of high foaming wetting agents/emulsifiers. It is specifically formulated for the removal of water hardness scale and other mineral deposits from food processing equipment and plants. This product is also recommended for the periodic cleaning and descaling of high temperature processing equipment, such as cooking vessels, and also the exteriors of filler equipment, storage tanks and conveyers. It is also effective for daily application to break down protein deposits in the fishing industry. This product is suitable for use with a wide range of foam application equipment.

## Acidic foam cleaner-descaler

### Use Instructions

Use at concentrations between 30–100 mL/L (4–13 U.S. fl. oz. / U.S. gal.) depending on the type and degree of soiling.

#### Foam Cleaning

1. Rinse surfaces thoroughly to remove loose soil particles.
2. Apply foam using a solution at 30–100 mL/L (4–13 U.S. fl. oz. / U.S. gal.) starting at the bottom and moving to the top.
3. Let foam stand approximately 5–15 minutes. Do not let the foam dry on the surfaces.
4. Rinse thoroughly with potable water.
5. If desired, sanitize with the appropriate Diversey sanitizer. Rinse if required.

#### Spray Cleaning

1. Rinse surfaces thoroughly to remove loose soil particles.
2. Spray surfaces using a solution at 30–100 mL/L (4–13 U.S. fl. oz. / U.S. gal.) starting at the bottom and moving to the top.
3. Rinse thoroughly with potable water.
4. If desired, sanitize with the appropriate Diversey sanitizer. Rinse if required.

Contact your Diversey representative for specific use instructions.

### Technical data

Certification	Acceptable for use in food processing facilities
Form/Color	Clear, red liquid
Scent	Acidic
Specific Gravity	1.29
pH (1%)	1.8
% P	13.66
Alkyl Phenol Ethoxylates	None
% Total Acidity (H <sub>3</sub> PO <sub>4</sub> )	43.25

The above data is typical of normal production and should not be taken as a specification.

### Safe handling and storage information

Store in original closed containers, away from extreme temperatures. Full guidance on the handling and disposal of this product is provided in a separate Safety Data Sheet.

### Product compatibility

Suitable for use on materials commonly found in the processed food and beverage industry when applied at the recommended concentration and temperature. Always rinse surfaces thoroughly after use (within one hour). In the event of uncertainty it is advisable to evaluate individual materials before any prolonged use.

### Test Kit

Acid Test Kit #409724

### Precautionary Statement

Refer to current Safety Data Sheet
