

CyberPower™

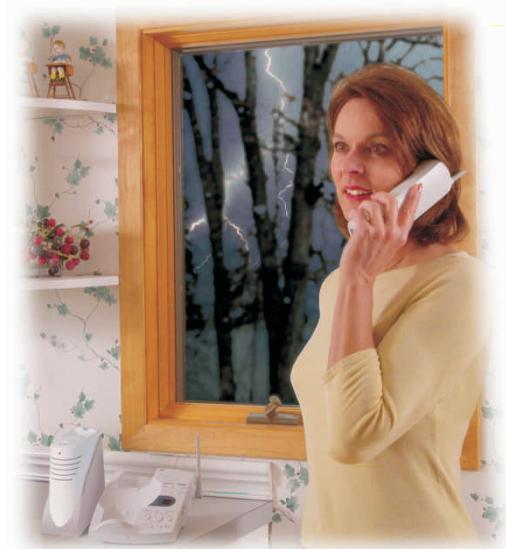

PhoneSaver™

Battery Back-up and Surge Protection for Cordless Phones & Answering Machines

PhoneSaver™ features:

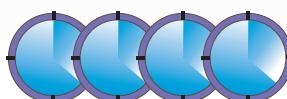

- Use your cordless phone or answering machine in the event of a power outage!
- Protection from phone line surges and spikes - a leading cause of phone degradation and failure.
- Works with all 6V, 7.5V, 9V & 12V cordless phones and answering machines.
- Provides more than 4 hours of battery back-up time.
- Emergency utility light activates automatically during a power outage.
- Built-in transformer replaces bulky standard adapter.
- \$10,000 Connected Equipment Guarantee.

Don't be left without the use of your cordless phone during a blackout!

Avoid lost calls or missed messages during a power failure! Plug your cordless phone or answering machine into CyberPower's battery back-up unit for more than 4 hours of emergency back-up power. The PhoneSaver provides safety, convenience and peace of mind.

BUILT-IN SURGE PROTECTION
Prolongs the life of your cordless phone

MORE THAN
4 HOURS
OF BATTERY BACK-UP TIME

CyberPower™ PhoneSaver™

Battery Back-up and Surge Protection for Cordless Phones & Answering Machines

Never miss a call! Never lose a message!

Now you can use your cordless phone or answering machine during a power failure!

Built-in surge protection prolongs the life of your cordless phone and answering machine.

Surges and spikes over the phone line are a leading cause of phone degradation and eventual failure.

The PhoneSaver's 4AH battery provides more than four hours of battery back-up time. Included adapters allow the unit to work with any 6V, 7.5V, 9V or 12V cordless phone. The built-in transformer plug replaces your phone's standard, bulky wall adapter.

When a power failure occurs, the emergency utility light activates making sure you're not left in the dark.

There's also a lifetime warranty with a \$10,000 Connected Equipment Guarantee.

The PhoneSaver provides safety, convenience and peace of mind at a time you need it most.

- 1 Emergency Utility Light
- 2 Emergency Utility Light On/Off Button
- 3 Power Status Indicator Light
- 4 DC Adapter Tips

(to cordless phone or answering machine)
- 7 Power On/Off Button
- 8 DC Output Voltage Regulator Switch
- 9 Surge Protected Modular Phone Jack

Sample Packaging

TECHNICAL SPECIFICATIONS

Maximum Energy Dissipation	360 Joules
Runtime	Up to 4 Hours
Scalable	6, 7.5, 9 or 12 Volts
Maximum Peak Current	26,000 Amps
Maximum Surge Voltage	6,000 Volts (maximum surge possible on all household wiring)
Battery	4AH, 6V Battery
Cord Length	6 ft.
Response Time	< 1 nanosecond
UL 1449, Listed Clamping Voltage	330 volts
EMI/RFI Filtration/Noise Reduction	150KHz to 100 MHz
Electrical Rating	125V, 15A, 60HZ - 1875 Watts Continuous Duty
Circuit Breaker	Resettable 15 Amp
Warranty	Three (3) Years
Connected Equipment Guarantee	\$10,000
Unit Dimensions	8" x 6" x 2.75"
Unit Weight	4 lbs
UPC Code	6 49532 44180 8
