

Crew®

Antibacterial Bathroom Disinfectant Cleaner

Crew® Antibacterial Bathroom Disinfectant Cleaner is a foaming disinfectant that cleans, shines and deodorizes heavily soiled areas. It penetrates soap scum, hard water stains and dirt, while controlling mildew. Kills common bacteria such as *Staphylococcus aureus* and *E. coli*. Cleaner is non-abrasive to surfaces but leaves a fresh scent and pristine shine. Add the crew you can trust to your cleaning program!

Features & Benefits

- Kills 99.9% of bacteria
- Cleans and removes dirt, grime, hard water stains and soap scum
- Deodorizes as it disinfects leaving a fresh scent
- Controls the growth of mold and mildew
- Non-abrasive and won't scratch surfaces

Applications

- Use on a variety of non-porous surfaces: tubs, showers, toilets, marble, plastic, sinks, ceramic tile, stainless steel, chrome, walls, fiberglass, and glazed porcelain

Use instructions

Disinfection, Deodorization and Cleaning:

1. Shake can well before and during use.
2. Holding can 6 to 8 inches from surface, spray area until it is covered with a white foam. To disinfect, allow foam to penetrate and remain wet for 10 minutes. To only clean surface, wipe foam away after 1 to 2 minutes.
3. Wipe with wet cloth or sponge.
4. For heavily soiled areas, remove heavy soil or gross filth before treatment.

To Sanitize: Spray hard non-porous surfaces until entire area is thoroughly covered with a white foam. Allow foam to remain wet for 5 minutes before wiping. Remove heavy soil or gross filth prior to sanitation.

Note: This product features an adjustable spray-anyway tip. May be sprayed upside down or from most angles.
