The Calming Pup

NEW

Help children learn to focus on their thoughts and feelings. Lights up to guide children through 3 different deep breathing patterns—they inhale when the light gets brighter and exhale as the light fades. Also functions as a night-light with 5 different color choices and a timer that can be set for 5, 15, or 30 minutes. Soft PVC material means children can give The Calming Pup a squeeze and also makes it easy to clean. No batteries required—comes with a micro-USB port and cord for charging. **Ages 3+**

Item # 93384
List Price \$19.99

Mindful Maze Set

NEW

Encourage social-emotional learning and mindfulness with this hands-on, easy-to-use tool that helps children develop self-management skills through breathing activities. 3 double-sided sturdy plastic breathing boards have indented finger paths that guide them through breathing exercises from start to finish. **Ages 3+**

Item # 93247
List Price \$19.99

See My Feelings Mirror

Make labeling emotions and understanding feelings fun. Children choose 1 of the emojis on the 6 side tabs and flip out the image of that emotion to practice the corresponding facial expressions and identify the feelings they represent in themselves and others. Includes Getting Started Guide. Child-friendly mirror is made from shatterproof glass. **Ages 3+** ⚠️ SMALL PARTS. (i) Not for < 3 yrs.

Learn About Feelings Activity Set

Build important social-emotional skills through 10 engaging game-like activities. Set includes 2 plastic question cubes, 4 plastic character cubes, 12 character cards, 18 situation cards, and 1 poster. Children match body postures and facial expressions, learn that emotions can look different on different people, and discuss how situations may cause an individual to feel a certain emotion. **Ages 3+** ⚠️ SMALL PARTS. (i) Not for < 3 yrs.

Item # 92868
List Price \$19.99

⚠️ For complete product safety information, see page 50.

Sensory Fidget Toy Kit NEW

The 8 toys in this kit provide cues to help children deal with big emotions, calm their minds and bodies, reduce anxiety and stress, and practice quiet focus. Each toy offers a unique experience, allows for independent play, and helps children learn to manage their emotions so they can respond positively to any challenge. Includes *Getting Started Tips*. **Age 3+** ⚠️ SMALL PARTS. (1) Not for < 3 yrs.

Item # **93599**
List Price **\$29.99**

Multicolored Water Beads NEW

Soak these multicolored beads in water and watch them almost double in size and become bouncy, squishy, sensory beads! Once expanded, let children play with the beads to feel their texture and encourage sensory exploration. Nontoxic beads expand in water and then shrink in the sun so they can be used over and over again. **Age 5+** ⚠️ SMALL PARTS. (1) Not for < 3 yrs.

Item # **93246**
List Price 20,000 Pieces **\$9.99**

Express Your Feelings Pocket Chart NEW

Provides a safe way for children to share how they're feeling with their teacher. When they arrive at school, they grab their customized craft stick and place it under 1 of the categories that the teacher has provided for the day. Flipping over the craft stick so their name doesn't show provides a more private experience. Includes 30 customizable people craft sticks, 17 feelings cards, 5 organization cards, and a *Getting Started Guide*. **Age 3+**

Item # **93385**
List Price **\$19.99**

ColorMix Sensory Tubes NEW

Help children learn to respond positively to any challenge with this mesmerizing set of 3 ColorMix Sensory Tubes. Each tube offers a relaxing experience as you shake it to mix the colors and then watch as they slowly separate back to their original colors. Securely sealed, easy-to-grip tubes are made of sturdy plastic. Includes *Getting Started Guide* with tips on how to get the most out of these tubes. **Age 3+**

Item# **93386**
List Price **\$28.99**

Sensory Fidget Tubes

Mesmerizing tubes help children practice managing their emotions, focusing their attention, and quietly, calmly engaging with the world around them. Each of the 4 securely sealed, easy-to-grip tubes offers fascinating movement patterns for long-lasting, independent play. *Getting Started Guide* includes tips on how to encourage social emotional learning. **Age 3+**

Rainbow Fraction® Measuring Cups

Unique visual approach to teaching
measurement and fractions

Measurement and fractions are 2 of the hardest concepts for children to learn. These transparent, food-safe measuring cups offer an easy visual representation that helps build math skills. Children will see and experience measuring, comparing volumes and capacity, and learning fractional relationships. Transparent, color-coded cups match the Rainbow Fraction® Teaching System and work well with all Rainbow Fraction® products including Rainbow Fraction® Circles. Both sets come with an Activity Guide. **Ages 3+**

Nestable Pan & Bucket Balances

Compact balances are easy to store

Save space and encourage children to explore measurement and weight. Both balances feature an efficient, compact design with equivalency markings that allow children to assign less than, greater than, or equal to symbols to their balance setup and demonstrate mass equivalency. Assemble and disassemble quickly. Clear buckets and pans work well for both liquids and solids. Includes Activity Guide. Set of 4 is perfect for classroom use. **Ages 3+.** ⚠️ SMALL PARTS. NumberLine CLOCK™

A hands-on way to go from counting to telling time

Change how children learn to tell time! This tactile tool uses 2 removable number lines to teach that time is a continuous unit of measurement and shows that telling time on a clock is just like using a circular number line. Include a clock frame, snap-on minute and hour hands, and 2 reversible number lines—1 for hours and 1 for minutes. Simply bend the number lines into a circle, snap them into the clock face, add the hands, and you've created a clock. Come with a Getting Started Guide that includes 4, easy-to-follow, illustrated activities.

Ages 5+ ⚠️ SMALL PARTS. (1) Not for < 3 yrs.

24-hour versions are available. Call for details.

ADVANCED NumberLine CLOCK™

NEW

Geared clock teaches elapsed time using number lines

Calculate intervals of time and solve elapsed time problems with our Advanced NumberLine Clock™. It comes with a clock frame and 2 detachable number line chains—1 for AM and 1 for PM. Simply unfold the number line chains, snap them together, and you've created a number line out of a clock. Gears maintain correct hour and minute relationship. Practice telling time on 3 different styles of analog clocks. Build your own 24-hour number line from a clock with color-coding for AM and PM. Use to calculate intervals of time and solve elapsed time problems. **Ages 8+**

NEW

Learning Intervals of Time Center Kit

A hands-on way to learn intervals of time

Games and activities help children learn to tell time, calculate intervals of time, and find elapsed time using number lines. The Advanced NumberLine Clock™ reinforces the concept that a clock is just a circular number line and helps teach skills like telling time to the nearest minute, calculating time intervals, finding elapsed time, and regrouping with minutes. Set comes with 3 Advanced NumberLine Clocks™, 30 Time Cards, 30 Problem Cards, 15 Time Interval Cards, and 1 Activity Guide. Activity Guide includes 15 games and activities, and card sets are scaffolded by color for differentiation.

Ages 7+ ⚠️ SMALL PARTS. (i) Not for < 3 yrs.

Item # 93413

Multiple Representation Time Foam Dice

Reinforce all the different ways we tell time. Each die is color-coded to a unique time-telling method such as an analog clock, digital clock, time expressed in colloquial language, and time expressed in standard language. Includes Activity Guide and 16 dice. **Ages 8+**

Item # **91267**
List Price: **\$29.99**

*Soft, quiet,
easy rolling*

Multiple Representation Time Foam Dice

Multiple Representation Fraction Foam Dice

There are all sorts of ways to show fractions. These dice include different representations of fractions including area models, set models, fractions on a number line, and fractions written in standard form. Includes Activity Guide and 16 dice. **Ages 8+**

Item # **91268**
List Price **\$29.99**

Ten-Frame Foam Dice

Practice subitizing and counting in a fun new way. Feature familiar Ten-Frame configurations on each side. Includes Activity Guide and 12 dice. **Ages 8+**

Item # **86887**
List Price **\$22.99**

▲ For complete product safety information, see page 50.

Multiple Representation Equivalency Foam Dice

Illustrate the relationship between fractions, decimals, and percentages. Each die illustrates a different way to show a fraction, including area model, decimal, percent, and traditional fraction. Includes Activity Guide and 16 dice. **Ages 8+**

Item # **91269**
List Price **\$29.99**

Multiple Representation Foam Dice

Increase understanding of all the ways you can represent numbers. Each die represents the number in Ten-Frame, tally marks, Base Ten, and numeral format. Includes Activity Guide and 16 dice. **Ages 8+**

Item # **86889**
List Price **\$29.99**

Rekenreks

Ideal for building number sense, Rekenreks encourage children to:

- **Subitize.**
- **Visualize** number relationships.
- **Strengthen** counting proficiency.
- **Use grouping** to solve addition and subtraction problems.

Sensory 20-Bead Rekenrek

NEW

Add a sensory element to visualizing math concepts with our Sensory 20-Bead Rekenrek. Red beads have grooves in them so you don't just see red, you can feel it too! Difference between smooth white beads and grooved red beads provides an additional way to experience numbers and also makes this Rekenrek accessible for the visually impaired. Includes Activity Guide. **Ages 3+.**

Item# 93432
Price \$7.99

Mini 100-Bead Rekenrek

NEW

Great for building number sense for numbers greater than 20. Sturdy wood frame stands nicely on a desk, and compact size makes it easy to store. Includes Activity Guide. **Ages 3+.** ⚠️ SMALL PARTS. (i) Not for < 3 yrs.

MOVING CREATIONS with K'NEX®

Teach engineering through play

Pair genuine K'NEX® pieces with pumps and tubes to explore STEM and engineering concepts through play. Step-by-step instructions explain how to build 9 amazing Moving Creations powered by air and water. Illustrated, 98-page guide is attached to the storage box and includes 18 “Think Bigger” challenges to deepen understanding of the scientific method. **Ages 8+**

▲ SMALL PARTS. (1) Not for < 3 yr

Item # 90669
List Price \$44.99

▲ For complete product safety information, see page 29.

Craft Stick Creations

NEW

Use craft sticks and other materials to build catapults, craft stick explosions, a Ferris wheel, and more—all while learning important lessons in Science, Technology, Engineering, and Math (STEM). Includes 44-page Activity Book attached to the storage box that creates a high-quality learning experience allowing for creativity, experimentation, and exploration of real-world connections to energy, forces, and motion. “Think Bigger” challenges encourage creative problem solving. **Ages 8+** SMALL PARTS. (1) Not for < 3 yrs. SMALL BALL. (4) Not for < 8 yrs. MARBLE. (6) Not for < 3 yrs.

Item# 93397
List Price \$19.99

Coding Charms

NEW

Learn coding skills while making key chain charms

Children learn coding concepts including algorithms, sequencing, variables, binary, and much more while having fun making key chain charms. Includes 44-page Activity Book attached to the storage box and all the materials needed to make 15 key chain charms. Easily refill the kit components to design additional charms. **Ages 8+** SMALL PARTS. (1) Not for < 3 yrs.

Item# 93398
List Price \$21.99

hand2mind.com

Dig & Display Fossil Kit

NEW

Introduce fun facts about prehistoric earth as children embark on exciting missions using real land and sea fossils. They learn about the evolution of plants and animals as they uncover each fossil. After they're finished discovering the fossils, children turn the box into a display case and then teach others what they've learned.

Ages 8+ SMALL PARTS. (1) Not for < 3 yrs.

Kit includes:

- 8 fossils including shark tooth, coprolite, and more
- 1 digging block, 2 digging tools
- Mission Guide

Item# 93418
List Price \$19.99

World of Gemstones Dig Kit

NEW

Explore the concept of culture and how our differences make us unique. The Adventure Guide takes children around the world to dig up real gemstones and learn fun, relatable cultural facts about different countries. When they're done, they turn the box into a World Culture display case and teach others about how gemstones are used all around the world.

Grades 2-5 SMALL PARTS. (1) Not for < 3 yrs.

Kit includes:

- 8 real gemstones including amethyst, red jasper, aventurine, and more
- 3 continent digging blocks, 2 digging tools
- Adventure Guide

Item# 93419
List Price \$19.99

For complete product safety information, see page 50.

Magnetic Force Science Lab Kit

NEW

Learn the important concepts of magnetic force, levitation, and attraction while racing magnetic cars and building a maglev train, a working compass, and more. This kit also introduces children to different magnet-related STEM careers such as electrical engineer, medical technician, and particle physicist.

Ages 8+ ▲ SMALL PARTS. (1) Not for < 3 yrs.

Kit includes:

- 20 lab tools including disc magnets; iron filings cases; and magnetic wands, people, and roadsters
- Career & Lab Guide

Item# **90740**
List Price **\$34.99**

Owl Pellet Mystery Science Lab Kit

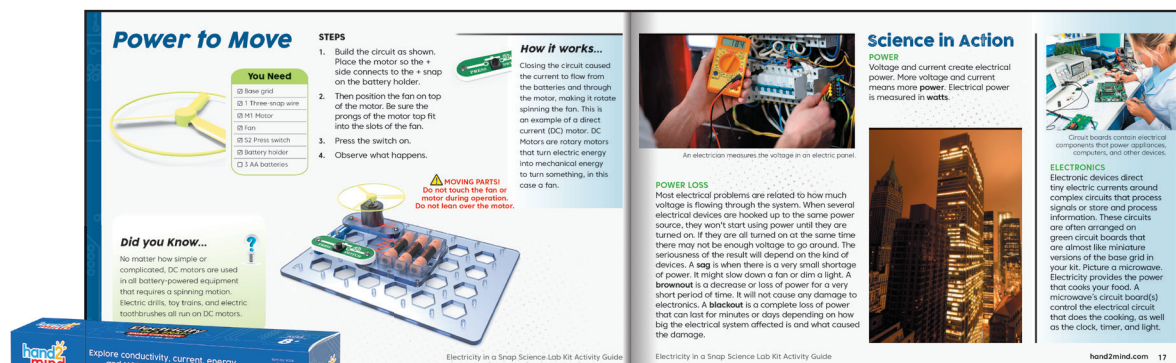

NEW

Dissect real owl pellets and try to identify what animals an owl eats based on the skeletons found in the owl pellets. Children also learn fun facts about owls, the animal parts they discover inside the pellets, and even build a food web. This kit also introduces children to different animal science STEM careers such as zoologist, biologist, and veterinarian. **Ages 8+** ▲ SMALL PARTS. (1) Not for < 3 yrs.

Kit includes:

- 9 parts include 3 owl pellets, magnifying glass, forceps, and more
- Career & Lab Guide

Item# **90738**
List Price **\$24.99**

Electricity in a Snap! Science Lab Kit

NEW

Build functioning lights, fans, and switches; communicate in Morse code; bring Sparky the Robot to life, and much more with easy-to-use Snap Circuits®. Kit also introduces different electricity-related STEM careers such as electrical engineer, electrician, lighting designer, and electric vehicle mechanic. **Ages 8+** ▲ SMALL PARTS. (1) Not for < 3 yrs.

Kit includes:

- 20 parts include a base grid, snap wires, light, resistor, motor, switches, and Sparky the Robot
- Career & Lab Guide

Item# **90741**
List Price **\$44.99**

Take Flight Science Lab Kit

NEW

Measure wind speed, predict the weather, build and launch several different types of rockets, understand different chemical reactions, and more. This kit introduces different air-related STEM careers such as astronaut, aerospace propulsion technician, thermal technology engineer, or automation engineer.

Ages 8+ ▲ SMALL PARTS. (1) Not for < 3 yrs. ▲ SMALL BALL. (4) Not for < 8 yrs. ▲ BALLOON. (2) Not for < 8 yrs.

Kit includes:

- 47 lab tools include chemicals, measuring cups, safety goggles, foam rockets, and more
- Career & Lab Guide

Item# **93422**
List Price **\$24.99**

▲ For complete product safety information, see page 50.

H2OHHH! Water Science Lab Kit NEW

Use experiments to learn the importance of liquids, dancing bubbles, water pumps, color-changing flowers, tornadoes, and more! This kit also introduces children to different water-related STEM careers such as hydrologist, climate change analyst, marine biologist, water transportation worker, or water conservationist.

Ages 8+ ▲ SMALL PARTS. (1) Not for < 3 yrs. ▲ BALLOON. (2) Not for < 8 yrs.

Kit includes:

- 25 lab tools include pipette, syringes, bubble hoop, safety goggles, and more
- Career & Lab Guide

Item# **93414**
List Price **\$17.99**

Candy Creations Science Lab Kit NEW

Create chemical reactions and measure ingredients while making marshmallows, jellies, rock candy, and other tasty treats. This kit also introduces children to different food-related STEM careers such as food scientist or confectioner. **Ages 8+**

▲ SMALL PARTS. (1) Not for < 3 yrs.

Kit includes:

- 40 lab tools include gelatin, sodium bicarbonate, citric acid, a candy thermometer, lollipop sticks, and a candy mold
- Career & Lab Guide

Item# **93424**
List Price **\$34.99**

hand2mind.com

Chemistry with A Bang! Science Lab Kit NEW

Make chemical reactions, explosive geysers, color-changing foams, lava lamps, the sound of thunder, and much more! This kit also introduces children to different combustion-related STEM careers such as pyrotechnician, firefighter, or explosives safety specialist. **Ages 8+** ▲ SMALL PARTS. (1) Not for < 3 yrs. ▲ BALLOON. (2) Not for < 8 yrs.

Kit includes:

- 44 lab tools include chemicals, safety goggles, measuring cups, pipettes, balloons, and funnels
- Career & Lab Guide

Item# **93423**
List Price **\$29.99**

Kickoff to Chemistry Science Lab Kit NEW

Explore the importance of solubility, acids vs. bases, testing pH levels, observing chemical reactions, inflating balloons with gases, turning milk into glue, and much more! This kit also introduces children to different chemistry-related STEM careers such as pharmacist, chemical operator, patent lawyer, or materials scientist.

Ages 8+ ▲ SMALL PARTS. (1) Not for < 3 yrs. ▲ BALLOON. (2) Not for < 8 yrs.

Kit includes:

- 65 lab tools include chemicals, test tubes, pipettes, pH strips, measuring cups and safety goggles
- Career & Lab Guide

Item# **93425**
List Price **\$29.99**

▲ For complete product safety information, see page 50.

DIY Music Maker Science Lab

Create working musical instruments and explore the science of pitch, vibration, and acoustics. Fun music and sound concepts come to life while building a pan flute, an ocean drum and a box guitar that are perfect for small hands. 36-page Storybook & Lab Guide includes 10 STEAM-based activities. **Ages 5+** ⚠️ SMALL PARTS. (1) Not for < 3 yrs. ⚠️ SMALL BALL. (4) Not for < 3 yrs.

Item # **92393**
List Price **\$34.99**

Squishy Water Beads Science Lab

Experience the fascinating, calming properties of squishy substances while creating a squeezable stress ball, a scented mini mood lamp, and a calming mood tube. 36-page Storybook & Lab Guide includes 10 STEM-based activities that introduce the properties of matter and encourage sensory play. **Ages 5+** ⚠️ SMALL PARTS. (1) Not for < 3 yrs. ⚠️ SMALL BALL. (4) Not for < 3 yrs.

Item # **92391**

We're dedicated to providing your customers with innovative, hands-on learning products. The policies below encourage a mutually beneficial, long-term relationship as we work together to help customers create engaging, hands-on learning experiences for children.

- New accounts are welcome with an initial order of \$300.00, accompanied by a completed credit application, in addition to a state tax ID form and a copy of a certificate of registration where applicable.
- Please send an email to credit@hand2mind.com to obtain a credit application. Payment terms are subject to credit approval and may require partial or prepayment.

- Please refer to the price list for our current 2020 net pricing
- All prices are F.O.B. Vernon Hills, IL, USA, and are subject to change without notice.
- Dealers who have ordered with us previously must have a minimum \$125 reorder per location.
- Once credit is established, orders will ship with payment terms approved by the credit department.
- All backorders will receive the same terms as the original order. Accounts may choose to have all backorders canceled automatically.
- Accounts must be current before subsequent shipments will be made.
- Accounts with outstanding invoices could be subject to a 1.5% monthly finance charge.
- We accept MasterCard, Visa, Discover, and American Express.
- We reserve the right to accept or reject all orders based on our terms and conditions, which supersede any terms and conditions stated on the customer's purchase order.
- The company must be notified of invoice discrepancies within 15 days of the billing date.
- All orders for special or custom products are final sale and cannot be canceled or returned.
- Items cannot be added to existing back orders.
- All prices and payments referenced are in USD.

- To ensure prompt and accurate processing, please make sure to include the hand2mind Item Number when placing Purchase Orders.
- Choose from our easy ordering options:
 - Email: reseller@hand2mind.com
 - Fax: 1.800.875.9643

- Contact your Sales Manager for pricing and availability, MOQ, and lead times. Prepayment may apply.

- Published pricing and product descriptions, colors, and details are subject to change.

- Shortages or damaged merchandise must be reported to your Customer Service Representative within 15 days of receipt of shipment.
- In the event of a shortage, we will gladly ship the item or credit your account.
- For damages that are the result of product defects, a credit will be issued and a replacement shipped and billed.
- For goods showing visible damage on the shipping carton, have the carrier note damages on the freight bill before accepting delivery. Goods damaged in transit must be reported to the carrier immediately. Save all original shipping cartons, packing slip, packing materials, and damaged items until they have been inspected or your claim has been settled. If possible, provide a photo of damages.

- We do not sell on a consignment basis and in general, returns are not accepted unless they are a result of errors made by hand2mind.
- If you have any questions, please contact your Customer Service Representative at 1.800.445.5985.
- Sales Manager approval is required for all returns.
- Approved returns will be subject to a 20% restocking fee. In addition, all returns (nondefective or undamaged merchandise) must be accompanied by a Return Authorization (RMA) Number obtained through your Customer Service Representative. The RMA Number must be clearly marked on all cartons, or they will be refused.
- Return freight costs are the dealer's responsibility unless it is an error made by hand2mind.
- Returns from a free freight order will have any related costs deducted from credit.
- All items will be inspected upon return and must be in sellable condition with no store markings to be eligible for credit.
- Returns apply only to items listed in our current catalog.
- Terms and policies are applicable to customers located within the continental United States (including Hawaii, Alaska, and Canada).
