

KINGSTON

INSTALLATION AND INITIAL MAINTENANCE

Initial Tank Top

1. Remove the tank using instructions on page 10.
2. Install the tank top as shown.
3. Properly seal the tank to the base using 8 Pcs of 200 mesh.

4. Seal the base around the perimeter of the tank top using 200 mesh.

INSTALLATION OF

SLURRY LAYER OVER PROTECTANT

See instructions on page 10 for instructions on how to apply the slurry layer over the protectant.
