

Medicine provided internally

The University of Cambridge has established the first medical school in a university in the United Kingdom to be run entirely by the university's own staff.

The new medical school is being created by the University of Cambridge's Medical School, which already has a reputation as one of the best in the world for its research and teaching. The new school will be based in the University's own independent premises.

At the same time, a new medical school for the University of Cambridge will be created, which will be based in the University's own premises.

The new school will be based in the University's own premises, which will be based in the University's own premises. The new school will be based in the University's own premises, which will be based in the University's own premises. The new school will be based in the University's own premises, which will be based in the University's own premises.
