

Vinotemp Butler Series Dual-Zone Wine Cooler EL-300TS

Store your wine at the optimal temperature in this attractive Vinotemp Butler Series EL-300TS Dual-Zone Wine Cooler. Featuring seamless, all-glass technology, this cooler has room to store up to 228 bottles on nine sliding Ouzo™ style wine racks with black lip and one bulk storage section. The digital temperature controller is located at the top of the door, allowing you to set the temperature without opening the door. Two adjustable temperature zones let you store red and white wines at their ideal temperatures to maintain the flavor. A front exhaust allows the unit to be built-in or freestanding. A black cabinet with a dual-pane glass door and door lock add to the style and functionality of this cooler. With a sleek frameless design, this wine cooler will be an excellent addition to your home.
