

# Nova HW

# L6

## Mechanical Dish Detergent

Non-chlorinated machine dish liquid specially formulated to provide excellent soil removal in hard water conditions.

### Features & Benefits

- Cuts through grease and dried-on food
- Being highly concentrated gives greater economy in use
- Prevents scaling of the dish wash machine even in hard water conditions

### Applications

- Non-chlorinated machine dish liquid specially-formulated to provide excellent soil removal in hard water conditions
- Suitable for use in a wide range of warewashing machines

# Suma<sup>®</sup> Nova HW L6

Mechanical Dish Detergent

## Use Instructions

- Use 1.0 mL to 3 mL per liter (0.128 to 0.384 oz. / gal.) of water, depending on water hardness and soil conditions
- Feed automatically into the dishmachine using a Diversey dispensing system
- Contact your Diversey representative for correct set-up and operating conditions for your operation
- Store at room temperature and avoid freezing
- Do not use on aluminum or other soft metals

## Safe handling

Please make sure your employees read and understand the product label and Safety Data Sheet before using this product. The label contains directions for use; and both the label and SDS contain hazard warnings, precautionary statements and first aid procedures. SDS are available online at [www.diversey.com](http://www.diversey.com) or by calling 888.352.2249. Improper use or dilution may result in damage to surfaces and may result in health and physical hazards that match those of the concentrate.
