

Same Size Circle

An activity for 1 person

Generate equivalent fractions.

Materials

Fraction Circles

What to Do

1. Write a fraction to show the part of the whole that is shaded.

fraction: _____

fraction: _____

fraction: _____

fraction: _____

fraction: _____

fraction: _____

fraction: _____

fraction: _____

fraction: _____

Show Your Work

2. Use fraction circles to build each fraction. Then name the fraction.
3. There are 3 fractions equivalent to one another. Are they in a row, a column, or a diagonal?

How did you use fraction circles to help find equivalent fractions?

Skill Practice

Write a fraction to show the part of the whole that is shaded.
Then write an equivalent fraction.

1.

fraction: _____
equivalent fraction: _____

2.

fraction: _____
equivalent fraction: _____

3.

fraction: _____
equivalent fraction: _____

4.

fraction: _____
equivalent fraction: _____

5.

fraction: _____
equivalent fraction: _____

6.

fraction: _____
equivalent fraction: _____

7.

fraction: _____
equivalent fraction: _____

8.

fraction: _____
equivalent fraction: _____
